Fury® Rheemglas® 85V Series Floor Mounted Electric Water Heater

High Efficiency, Long Lasting

- Isolated tank design with foam insulation reduces conductive heat loss
- High efficiency resistored Lifeguard™ stainless steel lower element to prolong anode rod and tank life

Models Feature

- High performance and lower operating cost
- Anode rod equalizes aggressive water action and prolongs the life of the water heater
- Over-temperature protector cuts off power in excess temperature situations
- Automatic thermostat keeps water at desired temperature
- Temperature and pressure relief valve included to ensure safety
- Maximum working pressure of 150 PSI (10 BARS)
- Compliance: IEC 60335-2-21
